

SPARK LOYALTY®

## The Smarter Solution for Independent Retailers

We are the leading solution for small independent retailers.

Our proof is in our customer successes: Spark Loyalty has 25 million check-in events with hundreds of retailers in 20+ states across the United States and around the world.

Unlike platforms such as *Spot On*, Spark Loyalty:

- Doesn't require purchase of a POS system
- Specializes in engaging and bringing back your customers
- Offers one direct phone number to reach live customer support staff

Spark Loyalty also offers a simple pricing model – One monthly flat rate of \$99 per store location, with all features included! *SpotOn's more complex pricing structure includes separate costs for their POS and loyalty systems, upfront hardware costs of up to \$800, plus processing fees. Multiple 1-800 numbers for customer support means more time spent in their phone tree before reaching the right person.*

## Ready to make the switch?

Call or email the SnowShoe Team:  
707-79-SPARK | info@snow.sh

- Get set up in less than 20 minutes
- Entire system is branded with your logo, your business name, and your brand
- Receive your system in 5-7 business days
